

EMPOWER COLLABORATION WITH INSTANT MESSAGING

The Global Relay App enables your entire organization to collaborate both internally and across your industry, confident that compliance, privacy, and security tools are built into the platform.

MEET YOUR COMPLIANCE INSTANT MESSAGING NEEDS

- 

File Attachments
Instantly send, receive, and re-share files. Supported file types include images, voice clips, PDFs, and spreadsheets

Company Channels
Encourage team collaboration within your organization using open or restricted channels supporting an unlimited number of participants
- 

Text Messaging
Communicate with anyone via text on a single, unified, and collaborative messaging platform

Real-time Client Synchronization
Never miss a message when moving between web, desktop, and mobile devices
- 

Integrated Regulatory Compliance
Meet your SEC, FINRA, IIROC, GDPR, and MiFID II regulatory obligations with integrated archiving, supervision, and eDiscovery tools

Guaranteed Delivery
Know every message you send will be received in the order you send them
- 

Community Channels
Create private channels for business discussions and customer support or public channels for collaboration with peer groups and industry experts

Sent, Delivered, and Read Receipts
Know to the second when your message was sent, delivered, and read
- 

Directory and Roster
Find colleagues within your firm and across the financial community; build and customize your contact lists
